Chris Steege	Lenexa, KS

Objectives

The information covered in the workshops and presentations includes:

- How to formulate appropriate ancillary testing.
- Gain the knowledge and understanding needed to implement an NIH Asthma Guideline-based asthma care program in two unique clinical pediatric practice settings.
- Develop insights on the impact of federal legislative efforts for health care reform on pediatric patients and their families, pediatric practices, and what still needs to be done.
- Demonstrate the use and benefits of the electronic medical record to include coding and billing.
- Understand the AAP strategic planning process
- Discuss the structure and action plan of the NC Chapter of AAP.
- Review current evidence on children and adolescents exposure to tobacco and second hand smoke and nicotine addiction.
- Identify key messages developed to decrease childhood morbidity and mortality from influenza.
- Discuss complementary and alternative therapies in common use with Autism.
- Understand the basic symptoms of Tourette Disorder and its common co-morbidities.
- Identify symptoms that determine the use of a sleep lab.
- Diagnosis of STI's in the outpatient setting.

Who Should Attend?

- Pediatricians in general practice
- Community pediatricians
- Faculty in general and community pediatrics
- Young physicians
- Pediatric residents and medical students
- Family advocacy and maternal and child health leaders
- Pediatric nurse practitioners
- Other pediatric health-care professionals

- online at <https://resweb.paskey.com/go/aap>
- enter the dates of your stay

Room temperatures may vary.
We recommend a sweater or jacket.

Disclosure of Financial Relationships and Resolution of Conflicts of Interest

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

Conference Overview

This CME Conference is designed to accommodate the continuing educational needs of the practicing primary care pediatrician, resident in training and other health care professionals. The course will provide the most current technologies and ideas on caring for a pediatric asthmatic in an academic setting, NIH guideline-based asthma care, healthcare reform, use of EMR, successful medical home, children and tobacco, H1N1, complementary and alternative therapies for autism, Tourette disorder, and sleep disorders.

Americans with Disabilities Act

In accordance with the ADA, all reasonable efforts will be made to accommodate persons with disabilities at this session. Should you require special assistance, please call 913-780-5649.

Accreditation

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Academy of Pediatrics and the AAP Kansas Chapter. The American Academy of Pediatrics is accredited by the ACCME to provide continuing medical education for physicians. The AAP designates this educational activity for a maximum of **9.75 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity. This activity is acceptable for a maximum of **9.75 AAP credits**. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

Physician Assistants: The American Academy of Physician Assistants accepts **AMA PRA Category 1 Credit™** from organizations accredited by the ACCME.

NAPNAP Credit: This program is approved for **9.75** NAPNAP contact hours of which 1.85 contain pharmacology (Rx) content per the National Association of Pediatric Nurse Practitioners Continuing Education Guidelines.

Nurses: KAAP has submitted a Continuing Education Credit application to the Kansas State Nurses Association and is waiting on approval.
