

MOBI-KS

Maximizing Office Based Immunizations

MOBI's Mission is to raise the overall immunization rate among Kansas' 2-year old children to 90% or greater by suggesting ways to improve existing office policies and practice.

MOBI Provides:

- Education and training to the immunization provider statewide!
- Practical information to health care providers to achieve complete and timely immunizations for infants and young children!
- Individual practice based consultation!
- The *latest information* on new immunization recommendations, childhood immunization schedule changes, missed opportunities/common misconceptions, immunization strategies for optimal practice & Kansas WebIZ-the new Kansas immunization registry!

Up to \$1,000 in grant funding available to participating offices!

Free of charge to Kansas Healthcare providers

MOBI-KS Trainers are physicians experienced in Immunization practice

Apply Today!

Go to our website at www.aapkansas.org and click on the "MOBI-KS" logo and apply online or download the application.
